To the Suppliers of Intel Corporation,

Intel appreciates the working relationships we have with our suppliers and we are always looking to improve how we conduct business and strengthen such business relationships. For this reason, we are pleased to offer you the Intel C2FO program. With C2FO, you can propose a discount rate for early payment on your approved invoices. When your offer is accepted, Intel will initiate early payment within 48 hours of market clearing.

C2FO is rapidly expanding as suppliers realize its money-saving advantages and simplicity:

- **FLEXIBLE:** Eliminates additional paperwork and contracts with on-demand access
- **USEFUL:** Lowers days sales outstanding (DSO)
- **SECURE:** Provides secure access to view your approved invoices
- **SIMPLE:** Easy account activation and your existing payment process doesn't change

To be clear, Intel will provide summary Accounts Payable data to C2FO under NDA. C2FO will provide a platform to receive and analyze any proposal you make regarding additional discount related to accelerated payment terms. Your staff with cash management responsibilities will work directly with C2FO to understand the early payment options available.

If you make a proposal for additional discount via C2FO and Intel accepts it, Intel will accelerate payment utilizing the existing payment process. If you do not wish to participate or elect to discontinue this service from C2FO, your information will be deleted and C2FO will retain only information on completed transactions necessary to support an audit.

While we believe the Intel C2FO program is a great option to improve your working capital efficiency, the final decision whether to use C2FO is yours. There is no obligation to participate in this program and no cost to activate your C2FO account.

Thank you for your continued partnership with Intel.

Jacklyn A. Sturm
Vice President, Technology Manufacturing Group
General Manager, Global Supply Management

You may activate your C2FO account now or at your convenience. If you have any questions, the C2FO support team is ready to help you at intel@c2fo.com or by calling +1.844.805.8527. Additional information about the program can be found at <https://supplier.intel.com/C2FO>.
